

SITE NAME:	Universal Adhesives/Timminco
SITE NUMBER:	0000035
ADDRESS:	State Road 13
CITY:	Middlebury
COUNTY:	Elkhart
SCORE:	00.00
SCORE DATE:	January 2003
CONTAMINANT TYPE:	Solvents
MEDIA AFFECTED:	Groundwater
CONTACT PERSON:	Jerry O'Callaghan at (317) 233-1522
LAST REVISION:	December 2003
SITE PHOTO	
<p>STATUS: In 1989, Elkhart County Health Department was alerted about the dumping of liquid wastes containing trichloroethane (TCA) on the property of Universal Adhesives. IDEM sampled the wells at several homes in the area. Sampling results detected TCA contamination in the wells of the four homes due east of the property. The homes then were hooked up to a municipal water supply. In the mid-1990s, IDEM conducted four consecutive, semi-annual sampling events of groundwater in the area and found levels of TCA reduced below cleanup levels and continuing to decline. IDEM issued Universal Adhesives a no further action letter in 1998. The site is proposed for delisting from the Commissioner's Bulletin.</p>
